In *Munchkin Apocalypse*, every possible natural (and unnatural) disaster has happened. You are a rugged survivor in a world full of people and *things* – that want to kill you and take your stuff. So do it to them first!

And what's with all these seals running around? Don't they know the world's about to end? You should keep an eye on that seventh one in particular . . .

The Mayan calendar didn't end, we're still doing fine, and here's a *Munchkin Apocalypse* reprint to get you ready for the NEXT end of the world!

Key Features

- Kill the monsters, take their stuff, and survive the end of the world.
- A new card type: Disasters! You want them to happen to the *other* players.
- Just to keep things interesting, there's an alternate victory condition!

WARNING:
CHOKING HAZARD - Small parts.
