Munchkin Pathfinder: Gobsmacked!

Munchkin Pathfinder (available September 2013) is one of our most-anticipated releases in years. We can't let that momentum go to waste!

Gobsmacked! adds 11 new Goblin monsters and four more Goblin-specific cards. They fit in perfectly with *Munchkin Pathfinder*, but they'll also go with any *Munchkin* set, especially the ones with the classic backs such as *Munchkin* and *Munchkin Conan*.

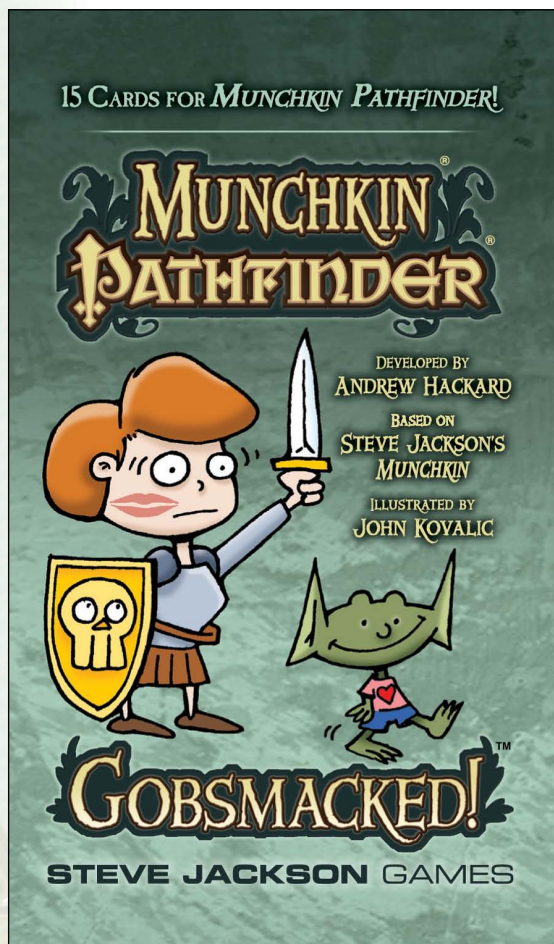

At six dollars, it's a goblin-y impulse buy for *Munchkin* fans!

Description: 15 cards in a finseal pack.

Related Products: *Munchkin Pathfinder*, of course, and all the *Munchkin* games and accessories!

Conforms to CPSIA and EN71 safety requirements.
