It's chaos! It's madness! It's . . . *Munchkin Curses!* *Munchkin* players love that moment when an enemy kicks down the door, and the card they draw is – a **Curse!** They love it almost as much as playing **Curse**s on said enemies themselves! Whether it means losing items, skipping turns, or stumbling across a duck imbued with pure doom, a **Curse** always adds an element of gleeful mayhem to a *Munchkin* game.

## Key Features

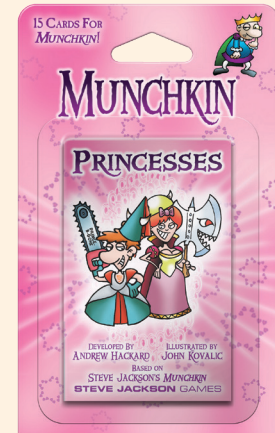

- 12 new **Curse**s cards with which players can bedevil their enemies!
- Two new monsters and one **Curse Reverse**.
- *Munchkin* fans can enhance the overall Cursed-ness of any *Munchkin* deck with these 15 cards.
